At Man and Van Barnet, we provide a range of vans to suit any size move. From studio flats to large family homes, we have the right vehicle to meet your needs, making your move as easy and stress-free as possible.

### Packing Tips to Make Your Move a Breeze

- **Pack Heavy Items First:** Start with heavy items and pack them at the bottom of the boxes.
- **Wrap Delicate Items:** Use bubble wrap or old towels for fragile items like glassware and mirrors.
- **Use Wardrobe Boxes for Clothes:** These help to keep your clothes hanging and wrinkle-free.
- **Secure Items in the Van:** Use straps to keep everything tightly packed and prevent movement.
- **Disassemble Large Furniture:** This will help you save space and make loading easier.
